

Northgate Minerals Corporation is currently recruiting the following challenging positions to join our operational team:

Mill Supervisors (4)

Northgate Minerals Corporation is currently constructing the Young-Davidson Mine which is located in Matachewan, Ontario, approximately 60 km west of Kirkland Lake. With production scheduled for late 1st quarter of 2012, we are in the process of staffing for senior operational roles. More information on Northgate and the Young-Davidson Project can be found on our website at www.northgateminerals.com

Reporting the Mill General Foreman the Mill Supervisor will be responsible for the safe and efficient operation of a 6,000 tonnes per day gold milling plant during their shift. Key qualifications include:

- A minimum of 5 years experience in supervision in a gold processing plant.
- Previous solid knowledge of AG/SAG mill operations, CIL, and carbon elution.
- Strong leadership skills
- Proven ability to meet safety, and production targets
- Strong organization and time management skills
- Post secondary degree in metallurgical related field would be beneficial

Young Davidson offers competitive salaries and benefits packages with opportunities for both personal and professional advancement.

Qualified candidates are invited to send their résumé with contact information for three work related references to:
