

Northgate Minerals Corporation is currently recruiting the following challenging position to join our management team:

## **Chief Assayer**

Northgate Minerals Corporation is currently constructing the Young-Davidson Mine which is located in Matachewan, Ontario, approximately 60 km west of Kirkland Lake. With production scheduled for late 1<sup>st</sup> quarter of 2012, we are in the process of staffing for senior operational roles. More information on Northgate and the Young-Davidson Project can be found on our website at [www.northgateminerals.com](http://www.northgateminerals.com)

Reporting the Mill Superintendent the chief assayer will be responsible for overseeing the commissioning and ongoing operation of the assay laboratory. Key qualifications include:

- A minimum of 5 years experience in a leadership role in a gold assay environment
- Strong leadership skills
- Proven ability to meet safety, production and budget targets
- Strong organization and time management skills
- Computer literacy skills in Word and Excel
- Post secondary Chemical or Metallurgical degree preferred.

Young Davidson offers competitive salaries and benefits packages with opportunities for both personal and professional advancement.

Qualified candidates are invited to send their résumé with contact information for three work related references to:
