

Chief and Council Bulletin 2013 - 001

April 9th, 2013

The 2013-2015 Council is pleased to take on the leadership responsibilities as of March 24th.

To date we have had one Council meeting to begin acquainting ourselves with the each other as well as discuss early priorities and mid to longer term initiatives. Our next Council meeting is set for April 19th after which we will look to hold open meetings with members at some regular interval.

Two items that your 2013-15 Council has arrived at immediate consensus on the grounds that the membership wish to see a proper job description and a set pay scale for Chief remuneration as most agree the position is dynamic and requires full time attention.

1) In the mean time Chief Elenore Hendrix will not draw an additional salary in her capacity as Chief and the Council is preparing to hold portfolios to ensure proper political coverage over the range of matters MFN needs to address.

2) Regarding the various draft codes that have been in development, the last iteration requires further review and modifications based on the last round of comment submissions. In addition the timeline for further review, revision, and ratification is being actively considered by your 2013 - 2015 Council.

We look forward to working with our community and band membership over the course of the next two years.

In the spirit of community

Chief and Council
