

KIRKLAND LAKE GOLD

WAREHOUSE TECHNICIAN

POSTING #2020-100

Location: Detour Lake Mine

Rotation: 14 days in / 14 days off

Closing Date: September 24, 2020

If you thrive on success and team work in a team culture, Kirkland Lake Gold offers career opportunities on a global scale. We provide rewarding and challenging work that will help you grow your skills and your career.

Kirkland Lake Gold is committed to creating meaningful opportunities for our employees and we encourage everyone who works for us to contribute to their full potential. We are an equal opportunity employer and value diversity. We provide a safe work environment and seek to ensure all individuals are treated with respect and dignity, free from harassment, discrimination, bullying and retaliation. All employment is decided on the basis of qualifications, merit and business need. Disability-related accommodations during the application and selection process are available upon request.

Interested? We hope you are.

ABOUT THE OPPORTUNITY

Based at the Detour Lake Mine site, we currently have an exciting opportunity for a **Warehouse Technician** to join our Supply Chain team reporting to the Warehouse Supervisor.

Detour Lake is the second largest gold producing mine in Canada with the largest gold reserves and substantial growth potential. The open pit mine is located in northeastern Ontario, approximately 300 kilometres northeast of Timmins and 185 kilometres by road northeast of Cochrane, within the northernmost Abitibi Greenstone Belt. The mine is situated in the area of the historic Detour Lake open pit/underground mine operated by Placer Dome which produced 1.8 million ounces of gold from 1983 to 1999. The Detour Lake operation has a mine life of approximately 22 years with an average gold production of 659,000 ounces per year.

The **Warehouse Technician** will assist with general warehouse duties including picking orders, inventory maintenance and keeping the warehouse stocked and organized.

RESPONSIBILITIES

Your responsibilities will include:

- Shipping, receiving and distribution of materials for both direct and inventory purchases;
- Receiving, accepting and unpacking incoming materials and supplies, issue materials, supplies and parts as requested;
- Entering and managing purchase order data in the ERP (SAP) system with attention to detail;
- Performing research on items in the ERP (SAP) system and assisting in physical counts and audits;
- Performing general organization and cleanup of the warehouse, yard and other storage locations;
- Operating forklifts, material handling equipment and delivery vehicle.

QUALIFICATIONS

Our ideal candidate has:

- Minimum High School Diploma or GED;
- Minimum two years' experience in warehouse management in an industrial setting (open pit mining preferred);
- Proficient in Microsoft Office applications and familiar with inventory management software applications such as SAP;
- Minimum valid G2 license;
- Ability to communicate effectively.

Does this sound like you? If so, we would love to hear from you.

WHAT'S IN IT FOR YOU?

Together, we are building a world-class gold mine and our success is determined by the hard work and dedication of our team. All of our team members are rewarded with a competitive benefits package and on-the-job perks, including:

- Competitive salary
- Travel Allowance
- Group benefits package
- Training and learning opportunities

Should you be the successful candidate for this role, you will be contacted by a member of our Human Resources Department to schedule an interview.
