## **Memo:**

- **To all Matachewan First Nation members regarding financial distributions.**

This is to remind membership that an announcement was made during a livestreamed meeting that after the KLGold and TLE distributions, there would be no further distributions to membership. This is to include the \$500 distribution which was dispersed for several years in November/December.

- **Minor GICs:**

This is to inform everyone that GIC's that are in trust for minor band members cannot be accessed by anyone, including Matachewan First Nation. GIC's can only be accessed by the individual named on the certificate once they turn 18 years of age.
