

ALAMOS GOLD INC.
YOUNG-DAVIDSON

Job Opportunity

Alamos Gold Inc. Young-Davidson is currently recruiting the following challenging and rewarding position to join our Engineering team:

Underground Electrician

Alamos Gold's **Young-Davidson** is a low-cost, long-life operation and one of Canada's largest underground gold mines. It is located near the town of Matachewan centrally located between Timmins, Kirkland Lake, North Bay and Sudbury, Ontario. The recent completion of a highly automated lower mine expansion has resulted in Young-Davidson increasing production as well as strong free cash flow generation. With a large Mineral Reserve base, it will serve as Alamos' foundation for growth for many years to come. This is a very exciting time at Young-Davidson, and we are searching for highly motivated and committed people to join our team!

If you are willing to be part of a team that is dedicated to growth, high performance and a culture of safety and accountability, we would like to hear from you!

Date Posted: April 9, 2024

Closing Date: Until filled

Reporting to the Electrical Supervisor, the successful candidate will be responsible for ensuring all electrical equipment and systems are operated and maintained in a safe and effective manner.

Primary Responsibilities:

- Repair and maintain mine equipment in compliance with workplace safety rules;
- Read, understand and interpret prints;
- Maintain electrical systems underground;
- Install, set up and maintain underground substations and pump stations;
- Inspect equipment for proper performance and determine faults and malfunctions;
- Adjust equipment and repair/replace defective part components; and
- Other duties assigned by the Electrical Supervisor as required.

Qualifications and Experience:

- Holder of Provincial Electrician Journeyman Trade Certificate License preferred but consideration will be given to 4th and 5th year apprentices;
- Previous experience in trouble shooting electrical equipment and installations;
- Knowledgeable in the interpretation of electrical schematics and prints;
- Previous experience in the installation and maintenance of electrical equipment in mining operations would be an asset;
- Strong safety focus; and
- Self-motivated ability to work alone and in a team environment.

Schedule: 5,4,4,5 rotating schedule

Young Davidson offers competitive salaries and benefits packages with opportunities for both personal and professional advancement.

Qualified candidates are invited to visit our website, www.alamosgold.com and apply online under the careers' sections.

Posting YD24-24

Alamos Gold Inc. is committed to an environment that is barrier free. If you require accommodation during the hiring process, please inform us in advance so that we can arrange reasonable and appropriate accommodation.

We sincerely appreciate the interest of all applicants however; only those candidates selected for an interview will be contacted.
