Date Posted: April 14th, 2021

Closing Date: Until Filled

Reporting to the Electrical Supervisor, the successful candidate will be responsible for ensuring all electrical equipment and systems are operated and maintained in a safe and effective manner.

Primary Responsibilities:

- Repair and maintain mine equipment in compliance with workplace safety rules;
- Read, understand and interpret prints;
- Maintain electrical systems in the surface plant;
- Install, set up and maintain surface substations and pump stations;
- Inspect equipment for proper performance and determine faults and malfunctions;
- Adjust equipment and repair/replace defective part components; and
- Other duties assigned by the Chief Electrician as required.

Qualifications and Experience:

- Holder of Provincial Electrician Journeyman Trade Certificate License preferred but consideration will be given to apprentices;
- Previous experience in trouble shooting electrical equipment and installations;
- Knowledgeable in the interpretation of electrical schematics and prints;
- Previous experience in the installation and maintenance of electrical equipment in mining operations would be an asset;
- Strong safety focus; and
- Self-motivated ability to work alone and in a team environment.

Schedule: 12 Hour rotational shift

Qualified candidates are invited to visit our website, www.alamosgold.com and apply online under the careers' sections.

Alamos Gold Inc. is committed to an environment that is barrier free. If you require accommodation during the hiring process, please inform us in advance so that we can arrange reasonable and appropriate accommodation.

We sincerely appreciate the interest of all applicants however; only those candidates selected for an interview will be contacted.
