

### Access to Vaccination Receipts

**TO:** NAN Leadership, Community Health Directors, and  
Community Vaccine Coordinators  
**FROM:** COVID-19 Task Team  
**DATE:** August 25, 2021  
**CC:** NAN Executive Council, Office of the Grand Chief, NAN  
COVID-19 Task Team

---

In light of many recent inquiries about how to access vaccination receipts or records, the NAN COVID-19 Task Team would like to provide the following information:

**If you provided an email address at the time of vaccination, you should automatically receive a vaccination receipt by email.** If not, please see the two options below for accessing your vaccination receipt.

#### **OPTION 1: All residents**

Access your vaccine record directly through Ontario's COVID-19 Vaccination site. **This requires internet access and an Ontario health card (the newer version, with a photo):**  
<https://covid19.ontariohealth.ca/app-identity?viewId=T4A7644GAWWX>

#### **OPTION 2: Residents of remote communities**

**Community members served by the Sioux Lookout First Nations Health Authority (SLFNHA):**  
Call SLFNHA Health Records at 1-807-737-5196 to request that a copy of your vaccination record be sent to you. The immunization repository is open 8:30 am-12 pm CDT and 1 pm-4:30 pm CDT, Monday through Friday.

#### **Community members served by the Weeneebayko Area Health Authority:**

Data entry into the COVID-19 Vaccination Service online portal is ongoing for the WAHA region. Please continue to check the online portal over the next two weeks or contact your local Public Health Unit/Health Centre to inquire about your vaccination record.

If you need your record urgently (within the next 2 weeks) complete the online WAHA COVID-19 Vaccine Receipt Support Survey to request help:

<https://forms.office.com/Pages/ResponsePage.aspx?id=NQEIoL27YUuxbn61raqAJE0gBjWGNO1Kkjg0LIo3tUN0swTDdER044UkpRTUFRVExLSEIQTKI5My4u>

For further information, please refer to this [WAHA memo](#).

Please broadly share this information with your community members. Should you have further questions or require additional support, please reach out to NAN through [emergency@nan.ca](mailto:emergency@nan.ca).

Sincerely,  
NAN COVID-19 Task Team
