All employment is decided on the basis of qualifications, merit and business need. Disability-related accommodations during the application and selection process are available upon request.

Interested? We hope you are.

ABOUT THE OPPORTUNITY

Based at the Detour Lake Mine site, we currently have an exciting opportunity for a **TMA Co-op Student** to join our Projects team, reporting to the TMA Tailings Engineer. **For a temporary 8, 12, or 16 month contract.**

Detour Lake is the second largest gold producing mine in Canada with the largest gold reserves and substantial growth potential. The open pit mine is located in northeastern Ontario, approximately 300 kilometres northeast of Timmins and 185 kilometres by road northeast of Cochrane, within the northernmost Abitibi Greenstone Belt. The mine is situated in the area of the historic Detour Lake open pit/underground mine operated by Placer Dome which produced 1.8 million ounces of gold from 1983 to 1999. The Detour Lake operation has a mine life of approximately 22 years with an average gold production of 659,000 ounces per year.

The **TMA Co-op Student** will be responsible supporting to Tailings Management Area operations at the Detour Lake Mine.

RESPONSIBILITIES

Your responsibilities will include:

- Provide field survey control on day and nightshift rotation;
- Prepare volumetric reports weekly and monthly;
- Perform daily dam safety inspections of the TMA structures;
- Perform Quality Assurance soils testing as required;
- Continually strive for improvements in current operational efficiencies.
- Input to monthly forecasting.

QUALIFICATIONS

Our ideal candidate has:

- Engineering Coop Student in Mining, Geological, Environmental or Civil Engineering with experience in survey, construction or mining;
- Working knowledge of volumetric modelling and reporting;
- Intermediate knowledge of Microsoft Office suite and AutoCAD.

Does this sound like you? If so, we would love to hear from you.

WHAT'S IN IT FOR YOU?

Together, we are building a world-class gold mine and our success is determined by the hard work and dedication of our team. All of our team members are rewarded with a competitive benefits package and on-the-job perks, including:

- Competitive salary
- Travel Allowance
- Training and learning opportunities

Should you be the successful candidate for this role, you will be contacted by a member of our Human Resources Department to schedule an interview.
