

# Matachewan First Nation

**Is seeking 1 youth to join the Alamos Gold Environmental Committee.**

The committee currently consists of 3 elders and provides a channel of communication on environmental matters concerning the Alamos Gold, Young-Davidson mine site situated in Matachewan, ON.

On this committee we will:

## Review

Information provided by Alamos pertaining to projects that may have an environmental impact on our treaty territory, an impact on our heritage resources and areas of cultural significance

## Concerns

Identify potential impacts and discuss concerns amongst the committee and the IBA Coordinator

## Recommendations

provide recommendations to prevent possible impacts

Should you have an interest in joining, please contact;

**Brittney Smart**
